## SAVING FOR COLLEGE JUST GOT EASIER WITH THE PATH2COLLEGE 529 PLAN

One of the most important and costly expenses facing families today is how to plan and fund higher education costs. If the current national trend remains, higher education-related costs will continue to rise significantly in the coming years. Over the past decade, tuition and fees have risen at an average rate of 6.9% at 4-year public colleges and over 5.7% at private 4-year colleges. [Trends in Higher Education (2005), The College Board, NY, NY.]

These rising costs have made it increasingly difficult for parents to save sufficiently. In response, a number of states across the country, including Georgia, have introduced higher education savings programs, known as Section 529 Programs, which offer attractive tax advantages and flexibility. The **Path2College 529 Plan (the Plan)** offers families an easy and affordable way to prepare for funding future higher education expenses.

[EMPLOYER NAME] is pleased to make information about the **Path2College 529 Plan** available to you so you may be better prepared for future higher education costs.

The Plan is managed by TIAA-CREF Tuition Financing, Inc. (TFI), a recognized leader in providing program management for Section 529 college savings plans.

### Key features of the Path2College 529 Plan include the following:

#### TAX ADVANTAGES

- **Georgia State Income Tax Deduction Advantage**—Contributions made to the Path2College 529 Plan by Georgia taxpayers are deductible up to a maximum of \$2,000 a year per Beneficiary. Effective with the 2007 tax year, all Georgia taxpayers may now contribute to a Savings Trust Account and deduct up to \$2,000 each year on behalf of any beneficiary, regardless of their annual income.
- **Tax-Deferred Earning Opportunity**—Contributions and any earnings can grow free from federal and Georgia state income tax. Through the power of compounding, the money you save in a tax-deferred account can provide greater potential for growth.
- **Tax-Free Qualified Withdrawals**—The earnings portion of withdrawals used for qualified higher education expenses is free of both federal and Georgia state income tax.
- **Estate and Gift Tax Benefits**—If you are interested in estate and gift tax planning, you may also find the Plan attractive. Not only are you able to accelerate tax-free gifting from your estate, you maintain control of the money. Generally, no federal gift tax will be imposed on an Account Owner for gifts to a Beneficiary during a year if the Account Owner's contributions to an Account for the Beneficiary, together with all other gifts by the Account Owner to the Beneficiary for the year, do not exceed \$12,000 or \$24,000 for a married individual who elects to split gifts with his or her spouse. If an Account Owner's contributions to Accounts for a Beneficiary in a single year exceed \$12,000, the Account Owner may elect to treat up to \$60,000 of the contributions, or \$120,000 in the case of a consenting married couple, as having been made ratably over a five-year period.

#### FLEXIBILITY

- **Choice of Schools**—Funds can be used to pay for tuition, fees, certain room and board costs, books/supplies and equipment required for enrollment or attendance at colleges, universities or other post-secondary institutions nationwide, as well as abroad.
- **No Income Restrictions or Annual Contribution Limits**—*Anyone* (parents, grandparents, relatives or friends) *at any income level* can contribute to the Plan.\* The Plan has no annual maximum contribution limit, as long as the aggregate contributions to all accounts held for the same beneficiary do not exceed the lifetime maximum of \$235,000.
- **Transferability**—Should the Beneficiary decide not to attend college or has other funding options, the funds within the Plan can be transferred to certain other family members of the Beneficiary, including siblings, spouses, cousins and even possibly yourself. See [Disclosure Booklet](#) for details.

\*Only Georgia taxpayers may be eligible for the Georgia state income tax deduction.

## INVESTMENT OPTIONS

- Currently, the Plan offers a range of investment choices.
